

Are you a MSc or PhD with a passion for engineering and/or chemistry?
Would you like to know more about BASF's innovations in Asia?

Join us online for OneDayWith BASF!

www.online.careersinternational.com/basf

OneDayWith is a service provided by Careers International.

LIVE DAY: 3rd December 2014

During **OneDayWith BASF** you will be able to learn more about the technology behind our products directly from the engineers and chemists working at our **Innovation Campus in Shanghai**.

On the Live Day you will be able to attend **Online Presentations** followed by **Live Chats** where you can interact with BASF experts.

Do not miss this opportunity! Register today on:
www.online.careersinternational.com/basf

On the website you will also be able to learn more about BASF's unique career opportunities for native Chinese speakers with a MSc or PhD in Engineering or Chemistry. See you on 3rd December!
